

**Frequency and Percentage of Responses to Critical Consciousness Vignettes by Gender**

Vignette	Response	Female (Freq) N=57	Female (%)	Male (Freq) N=38	Male (%)	Total N=95
<p><i>1 (Racism)</i> Imagine that after school one day you walk to the corner store in your neighborhood to get yourself a snack. You have been in this store many times before. When you go to the counter to pay for it, the store manager walks over to you and asks to see what is in your pocket.</p>	1	8	61.5	5	38.5	13
	2	6	50.0	6	50.0	12
	3	32	60.4	21	39.6	53
	4	11	64.7	6	35.3	17
<p><i>2 (Racism)</i> Imagine that you are walking home alone from your friend's house. You are not familiar with your friend's neighborhood and you get a little lost. It's getting dark and you want to stop and ask for directions, but there is no one on the street. Just then a police car turns the corner and is driving very slowly and close to the curb as it passes you. The officer on the passenger side of the car rolls down his window and stares at you real hard.</p>	1	10	52.6	9	47.4	19
	2	21	63.6	12	36.4	33
	3	20	58.8	14	41.2	34
	4	6	66.7	3	33.3	9
<p><i>3 (Racism/Colorism)</i> Imagine that you have a female cousin who tells you that she thinks her mother (your aunt) treats her differently than her brothers and sisters because she has darker skin.</p>	1	1	25.0	3	75.0	4
	2	6	60.0	4	40.0	10
	3	28	52.8	25	47.2	53
	4	22	78.6	6	21.4	28
<p><i>4 (Sexism/VAW)</i> Imagine a guy and his girlfriend work together at a neighborhood store after school. When they get paid once a week, the girl gives her boyfriend all the money she has made. The guy uses the money to buy food for both of them and sometimes uses the money to buy presents, like clothes and jewelry for his girlfriend.</p>	1	21	50.0	21	50.0	42
	2	10	62.5	6	37.5	16
	3	21	67.7	10	31.0	31
	4	5	83.3	1	16.7	6
<p><i>5 (Sexism/VAW)</i> Imagine a girl in your high school who has a boyfriend who is older and already graduated. The boyfriend dates several other girls outside of school but doesn't want his girlfriend to date other guys. The boyfriend often tells her that if he sees her out with another guy she will be in "big trouble".</p>	1	0	0	3	100	3

Vignette	Response	Female (Freq)	Female (%)	Male (Freq)	Male (%)	Total
6 (VAW) Imagine that while walking down the hall in your school you see a male student push a girl up against a locker. She looks hurt and covers her face to block further blows. You turn to see if anyone is going to step in, but notice no one says or does anything about it. Later on you see the two of them leaving the building holding hands as if nothing had happened.	1	0	0	3	100	3
	2	9	47.4	10	52.6	19
	3	29	61.7	18	38.3	47
	4	19	73.1	7	26.9	26
7 (VAW) Imagine that one day at school a girl and her boyfriend get into a fight in the lunchroom. The girl slaps the guy first and then the guy hits her hard with his fist. When security is called, the girl is sent back to her classroom and the guy is taken to a counselor's office and later suspended from school.	1	9	69.2	4	30.8	13

	4	14	93.3	1	6.70	15
9 (Classism) Imagine that one day a friend of yours is having a particularly hard day at school. Usually, he goes home right after school. However, there isn't much privacy in his apartment, where he shares a room with two of his brothers. So he decides to spend the afternoon outside because he needs some space to think things over. Later that night, he is hanging out in front of a store a few blocks from his apartment and the police pick him up for loitering.	1	5	41.7	7	58.3	12
	2	14	70.0	6	30.0	20
	3	26	57.8	19	42.2	45
	4	12	66.7	6	33.3	18
10 (Classism) Imagine that there is a girl at your school whose mother has recently lost her job. Since the family has fallen on hard times, they have to go on Food Stamps for a few months. One Saturday, the girl's mother sends her to the store for groceries. On her way, she sees a group of her friends go in ahead of her. Instead of going in to say hi, she turns a corner and waits for them to leave because she does not want them to see her using food stamps.	1	9	50.0	9	50.0	18
	2	15	57.7	11	42.3	26
	3	28	62.2	17	37.8	45
	4	4	80	1	20.0	3
